“ Lisa, even tho I didnt really grow up around the family, I do have memories.
You and all of my mom's first cousins used to watch me and my sister Shamoine as kids. Also, I remember when you and snooty came to see my sister when she was born last summer. Also, I remember when both of yall gave me a graduation gift. It's just so crazy how stuff happens but I try not to question what I can't control but its so hard not to question. You are an angel now and
I hope that this can bring our family closer than we have ever been and destroys any of the negative, destructive forces that try to keep this family apart. Please look down on us. ❤️❤️❤️###imported-begin##Naeshaun Briggs###imported-end##
