“ Angel Luis Vega remembering him as a man of God who loves Yeshua and his son, grandchildren and great grandchild and his family. Not only were we blessed to be personal ministers to him but we shared two of his grandchildren as grand parents. His conversations we had were always about them. My husband and I were there to support him in prayer and encourage him for as long as we were able to call him by phone. We will miss our talks and times of prayer with him. He has transitioned to be in the presence of the Lord and all is well. We send our love and prayers to his family.

Angel was a good grandfather,he always made me feel pretty. He always called me his beautiful angel,and as I get older I will always remmber that ,my grandfather was a good man and a good father. He was always there for me. I miss his beautiful smile, always in my heart. Love, Granddaughter Shyann
