“ Berry, well I know I'm a little late here but I just found out. First I would like to say to your mom that I'm very sorry for your loss of both Berry and Shell. I really wish I'd have known sooner. I would have loved to have been there for your mom and for Vernon. Your mom sure gave me a place to crash many a night. You had the best smile. You always made me and Sol laugh. We had some good time at Manor and in ROTC. We also had some wild times. It's so weird I had your phone number for several years and just didn't call I don't know why I didn't. I always wanted to because I always wanted to tell you that I had twins on your birthday. I always thought that you would think that was pretty cool. You are always fun to be around. And I'm very sad to hear that I went all these years and didn't get a chance to see you before you left this planet. But I'll always remember that it's astounding and time is fleeting and Madness takes its toll but listen closely not for very much longer I've got to keep control. I remember doing the timewarp drinking those moments when the Blackness would hit me and the void would be calling let's do the time-warp again. Love you and miss you my friend.

“ Dear Catie,

*If there's one thing that I know for sure your Daddy loved you and you were the reason that he was able to manage life when you were not there. His eyes would light up at just the mention of your name, I loved that about him. I've lite a pink rose candle because because it reminds me of his Granny Grace (my Mom) and she sure loved her grandson too. He's resting now and no longer in pain, because he's getting a new body that isn't racked with sickness and as the Bible says, when you've accepted Jesus in your heart then you are ever with Him. (John 3:16)He would want you to be a "light" to show others the way to Jesus too, so be like that and ever shine in his honor. I know that I will see him again and in though my heart is heavy there will be a grand reunion in the future just as there was a great reunion when he arrived at Heaven's gate where he met his Savior, his Dad, his Granny and his younger brother Shell.He loved to play the guitar and so my fondest memories are of him, my brothers Butch and Tommy playing the guitar together.*

*We'll remember the wonderful thoughts and forever forget the shortcoming that we all have.*

*Sending much love and many prayers for you, we are here if we can be a help to you.*

*Love, Aunt Amber & Uncle Jerry*

“ *I have so many fond memories of Berry and his family. He was such a sweet boy, and grew up to be a sweet person. I know we didn't spend a lot of time together after we all grew up, but you Berry will truly be missed. You are gone, but you will never be forgotten. I will always love you.*
