

## Betty J. Ford

August 12, 1941 - September 11, 2023

Betty Jane Smith Ford, 82, passed away quietly in her home on Monday, September 11, 2023, after a short battle with cancer.

Betty worked at Maryview Medical Center for over 38 years as a Medical Transcription Supervisor. She was an avid bowler. Betty bowled on the hospital league for many years. She loved gardening. And she had a great love for MLS Soccer and her favorite team was DC United. Her favorite team in the NFL Football was Seattle Seahawks. Betty loved baking cookies at Christmas time and would give them away to the neighbors. She loved her strawberry candies and her grandsons and great grandsons.

Betty asked to be cremated and no service. we have decided to honor her wishes. We have decided that we will have a private gathering at a later time to celebrate her life.

We would like to thank everyone for their prayers, love and support shown to us since the passing of our beloved mother.

“ *Ms. Betty will be missed by many because she was the elder of our court. When I would come home 🏠 from work, I looked forward to seeing her walk around or wave from her swing in the yard. I will miss the goodies she baked. I will miss her but will not forget her. Broken heart 💔💔*

“ Sunday is NFL football day in our house and it just won't be the same. Because she would always come out of her room dressed head to toe in her Seattle Seahawks garb, while Bob had on Minnesota Vikings and me in my Dallas Cowboys. I sure am going to miss her and all the fun times we had. I have heard so many fun stories from people. I would love for them to be shared on here for all to read.
