“ Being young and spending time with my uncle Bobby Ray was where my love for Elvis and Godzilla movies came from. Those memories are forever precious.

My uncle was a great soul and lead a good life. It is difficult to think he is no more. Let the family come together and pray for his journey to heaven.

“ When Uncle Bobby Ray first moved to Connecticut from 'down south' ...he lived with us for a while. I was little but I still remember him bringing home the first edition of the spiderman comic book. Sometimes (while on a date with a young lady) he'd still pile us kids in the back seat of his car and away we would all go to the drive in movies. (To this very day...I still love reading and movies.)

Uncle Bobby had a great professional career...he worked hard and was able to retire and move back to the south. He was a role model...he was a good uncle...He will be missed.
