“ I am just now going on this website and read all of the wonderful things everyone wrote about my Brandon. I am so very touched by all of the responses. I knew he had a lot of friends and acquaintances because he was always a very friendly and outgoing person, even as a little boy. Thank you all for your outpouring of support and sympathy, you will never know how much it has helped me through this difficult time....thank you.##imported-begin##Linda Cartledge##imported-end##

“ Mrs. Cartledge and family:  
I would like to extend my greatest condolences to the Drewrey family in your time of sorrow. I remember Brandon's cheerful boyhood smile, and his gentle disposition. I am sure he is in heaven smiling his bright smile and looking down on us. I remember taking him to the concert to see Onyx, and Ice Tea in Baltimore. That was the last time I saw him but I remember the good times we had. I purchased seats on the third row and we were unable to see the show because folks came up to the stage and stood in front of us. We had to stand in our seats to see the whole show. I remember Brandon and Harrison laughing at me because I fell off the seat while standing. He will be missed. May God comfort you in your needed hours.##imported-begin##Harrison Tony Cartledge##imported-end##

“ To the Family & Friends of Brandon,

*My deepest condolence goes out to you and your family. The Riverside Regional Family as well as myself has also experience a deep lost. He was a very kind and giant gentleman. Whenever he came to my office, which was three times a week, I got to know him as a young man. He was a very respectful person who would hold a conversation with you with a smile. From every department, we never received not one complaint about him. He did his job with pride, he made so many new friends.*

*I looked up to him because I have a son his age who is away fighting the war. We would talk about family values, things he like, for example I knew he loved playing video games, he talked about his daughter and he talked about his fiancé . I don't know your name, but I can tell you he Loved you very much. He always told me, that all he wanted to do is to treat you good. And every now and then I would ask about how he is treating you, and he would say, I am doing exactly what you said Mrs. Hardy, I am treating her good.*

*I know it's going to take a long time to grieve, just know that God is right there with you. And if you believe in him, he will walk with you step by step and he will never leave your side. I will truly miss him.##imported-begin##Eileen Hardy##imported-end##*
