“ My brother Brian was my best friend from grade school to high school and then he became my brother. So he has always been my best friend for life. I have great memories to carry on. We had an awesome laugh in grade school when I got stuck in the snow because I was so short. Brian had to go get help for me the snow was too deep for me to cut through the field at Cunningham but after that moment we still laugh about it. We played violin together. We both scream and cry through the haunted house. I can keep going about are times. You are my angel and the star in the sky. Brian I know you will be watching over me each and everyday. I love you and miss you so much. I love playing the violin with you. Have some awesome time as kids and later in life. God bless you.

Our family is leaning on each other through all of this.

Sorry to our family for the loss of our brother and my best friend.

You will be so miss and well loved forever.

He will be greatly missed. Sorry he is gone to heaven now but also know he's singing and playing violin for Jesus. He poured into my life when no one else would give me the time of day.

“ My heart hurts for the family but rejoicing knowing that Brian is with His maker.
God Didn't Promise
Days without Pain
Laughter without Sorrow
Sun without Rain
But He did Promise
Strength for this Day
Comfort for the Tears
And Light for the Way
Sincerely
