*To the William's Family,  
I got to know Britney when she was working at Care Advantage Office in Emporia, VA. She was a loving person to work with and to have fun with. I would always bring her pecans to the office, and she would say, I have to hide them from mom. Britney was full of fun. She will definitely be missed. “ Although I am unable to attend the services, I wanted to share how much of an impact she had made on my life and the life of my son. Britney was full of love, joy and happiness and that light shined onto anyone and everyone she came in contact with. She has been such a wonderful friend to me, and i am grateful to have had the opportunity to work with her to help people in need in the community and spread love and compassion. I will never forget her laugh, her spinning around when I compliment her on an outfit and smiling, the way she snuck my son candy and promised him more "dates" in the future. The world has lost a wonderful human but we are so fortunate to have gotten the gift of her life light to shine on us for as long as we have. I wish I could tell her how thankful I am for her, for all the times she had kind words and thoughtful notions for myself and my son. I know she is watching over us all smiling, laughing and spreading her love and encouraging us to continue to move on with love in our hearts.
