

## Cardrienne Peebles

March 25, 1948 - January 28, 2022

He who hears my word and believes Him who sent me, has eternal life, and does not come into judgment, But has passed out of death into life.  
John 5:24

Cardrienne Peebles, the only child of the late Helen Cotton, entered into eternal rest on January 28, 2022, after a brief illness.

Growing up in Portsmouth, she was a product of Portsmouth City Schools, graduating from I.C. Norcom High School (Class of '66) and subsequently Norfolk State University. Her passion and spirit was being a member of the cheerleading teams.

She delighted in beautifying her personal surroundings and would diligently keep her yard filled with colorful varieties of plants and flowers. She often volunteered to trim her neighbors' shrubs and subtly suggested that they add some color to their yard. She was more than willing to share her gifts with others.

She was a member of Third Baptist Church and faithfully served on Female Usher Ministry #1. She had formerly been a member of New Bethel Baptist Church where she served as a member of Usher Board #1, which her late

mother chaired for many years. When she joined Third Baptist Church, she remarked that she was going back to her roots because she has been a member there during her formative years. She enjoyed attending Church School on Sundays.

Soft spoken, sometimes talkative, at other times reserved, but most often comical, she will be missed, but we humbly submit to the will of God.

May you find comfort in knowing that God is ever present during this time of bereavement. Sunset in one land is sunrise in another.

“ My sincere condolences to the family and loved ones of Cardrienne.

*"May the Clouds that darken the present hour brighten all your future days"*

*I met Cardrienne, and a group of my best buddies, in the 7th grade at S.H. Clarke Jr. High School. She was the life ... AND mouth of the group. She was open, loud, and intimidating ... and that was what I liked about her. I was petite and shy, and other students would tease me, however, Cardrienne made certain to let them know that she was my friend, and they would have problems if they continued to tease me. She was a true and loyal friend.*

*We were both Cheerleaders at I.C. Norcom and shared the fun and joy of representing the "Greyhounds". There was never a dull moment with Cardrienne around. We went in different directions for college, but we always looked forward to serving on the I.C. Norcom Class of '66 Reunion Committee. Sometimes we could not conduct the business at hand because Cardrienne kept everybody talking and laughing, and off topic!*

*BOTTOM LINE....Cardrienne wanted to assure that the reunion was a successful event for our returning class members, who were also our neighbors, buddies and friends in our younger days. Thank you Cardrienne.... You will be missed!!*

“ My deepest condolences to the family. I am sending prayers of comfort and strength during this most difficult time. I had the pleasure of knowing Ms. Cardrienne as one of my mother's high school/ college friends and cheer mates. I even christened one of her beautiful white outfits when she was playing with me and lifting me up (doing what babies do, unfortunately the one the smells more). She would always remind me of that...and never let me forget it. As a little child she would come to visit and was always one to make you laugh. Plus, I knew when she came over they were going to leave me and go out to have fun as young people would do at that age. So I would try my best to hold them up. I am fortunate to have had fond memories with her. Rest well my pretty lady. Monique Randolph (Richmond, VA)

“ I am deeply saddened by the passing of my buddy, confidante and dear friend, Cardrienne.

We have been close friends since high school days. We visited almost daily and we definitely understood each other. We were almost inseparable. When people saw me, they would ask, "Where is Cardrienne?" or ask her "Where is Gloria Ricks?"

Cardrienne was very popular and as a cheerleader, she was even more so. She was a good spunky cheerleader. We went on to cheer together at Norfolk State. What a time we had. So many memories of those days.

Our friendship was more than cheering. We were together during good times and bad times. I moved to NY and upon return, we were back together until I moved to Roanoke where I have been for the last 40 years. But I still tried to keep in contact with her. We spoke a few months ago. I loved my friend, Card. I will miss her. With tears in my eyes, I say, Rest Now. You will be forever in my heart. Sadly written, Gloria Ricks Randolph-King

“ *Cardrienne was my neighbor, school mate and friend when we were growing up. After graduating from college, life's journey for the both of us occurred and we lost close contact with each other. We did however manage to make sure that we would stay in contact as much as we could through phone calls and occasionally getting together for lunch or dinner. I remember how upset I was with her way back in 1965 for writing her message to me on the entire front and back cover of my graduation year book. There was hardly any space left for anyone else to write anything. This is now a treasure for me. Since her passing, I have read and reread her precious words to me and I am thankful that I have it.*

*To the family and friends, may God direct your paths and give you strength, courage and peace during this tender time. May the Holy Spirit protect you from any bitterness, guilt or regret. Death is mysterious. Each one of us are here on earth for only a short time. We seldom know the day or the hour, but all of us will pass this way. We can however find comfort in God's word and in God's promise of eternal life for all who have given their lives to him through his son, Jesus Christ. May God continue to bless all of you. 🥹*

“ My prayers are with the family of Cardrienne Peebles. Cardrienne lived in Maplewood Park in the first house. She would sit on her porch and some of the girls would join her sitting on her porch. We all enjoyed living in Maplewood Park. You will be missed many fun memories.

“ We are saddened to learn of the passing of our 1966 I. C. Norcom High School classmate. . Cardrienne Peebles was a very outgoing person who was always the life of the party. She is now a cheerleader in heaven. Earth has no sorrow that heaven cannot heal. Rest on until we meet again.

“ My deepest sympathy goes out to the family of Cardrienne Peebles.

*I met Cardrienne, along with Gloria Rick in 1966 as a freshman at Norfolk State University - they from Portsmouth and I from Newport News. We were all cheerleaders from our high schools. I was going out for cheerleader but when I saw both of them and remembered the competition our schools has, I said "no way." We became friends and remained so till she passed. We would call each other once in a while to find out the "latest" on NSU and the "guys."*

*She will be missed but God had a better plan. She is cheering in a better place- Heaven and for the best coach- God.*
