FK

“ We got to know Carol and Dick soon after we moved to Williamsburg 25 years ago when we joined a Small Faith Group from St. Bede's Catholic Church. The groups were put together by geographical areas so that it would be easier to get together. By meeting weekly or every other week, the 10 of us got to know each other pretty well. We also rotated homes where we would meet. We met very regularly for about 10 years, so we helped each other through illnesses and celebrated births and weddings. We have continued our friendships. Carol and Dick will be dearly missed.

ZC

Hey Fran! Anyway we can connect? I believe Dick might be my grandfather and I'm just trying to find out more.
