“ Coltie bear! My best friend. You were everything to me..EVERYTHING AND ANYTHING I could ever ask for in a friend. My kids loved you to death. You always made any sad or bad situation turn into a good one and always knew how to make me smile. I still can't believe your gone it doesn't seem real at all. Everything in my house is something that either you got me or we got together with Josh. We miss you so much it hurts and I really don't even think this pain will ever leave. I'm so sorry I wasn't able to protect you from this. You not being here will forever change me, and idk if that's a good or bad change but whatever may come I hope your right by my side to guide me through all the days to come without you. We spent almost every single day or a portion of everyday together doing the most. I will never ever forget you and I hope you know you will forever be in my heart.
