“ I had DJ in class at Limestone High School in Limestone, ME. HE was a very fun kid to have in class. He was smart and funny and I have often thought of him over the years. I remember when he tossed a cream pie into Dave Keaton's face as part of a fund raiser. I believe I have a picture of that somewhere. I enjoyed him immensely and feel so sorry that he has passed at such a young age. I will pray for him and will always remember his smile and his sense of humor.

“ All I can say is that DJ was my son whom I love dearly and forever will miss his presence. And as I always joked with him, He was the only person I knew that could fall into a pile of crap and come out smelling like a rose. He was truly one of a kind, he had a heart of gold. He not only talked the talk but always came through in actions. Family was important to him and his love for that family knew no bounds. We who had the privilege of knowing him were truly blessed. I miss you boy. Dad Love forever.
