I am so sorry for your loss. I did not know Brandon. I just saw his audition on AGTalent and was mesmerized by his demeanor. It was only at the end that learned of his passing. From the tv screen I was mesmerized by his gentle soul, his sweet sweet spirit. God blessed us tonight by allowing to meet your son, brother, nephew, cousin Brandon. I thank God for giving him to you, and u thank you for nurturing him and training him up so that he would be obedient to God's Word. Helping/Serving people. So I met Dr. Brandon Rogers tonight while watching his audition in the show and my heart is broken. Still, I thank you and will keep you in my prayers. Stay strong and continue to lean on God's everlasting love as you journey through this life. God Bless you.

After hearing this young man's beautiful voice tonight on America's Got Talent and then finding out afterward that he will continue singing in the angel's choir...I am deeply touched. His passion to help lift the spirits if others through medical care and by sharing his beautiful voice are the legacy he left in this life. It also sounds like he will live on through his own and his family's desire to help others again by voluntarily donating through a donor network even after they were faced with a life ending tragedy so early in his career. My sister was a lung recipient and I will never stop feeling grateful to the donor family for giving me 16 additional years of life with my one and only sibling, my sister. I assure you that Brandon has been appointed to serve the Lord in a whole new profession in a more peaceful place than any of us can begin to imagine. We may never understand but, I believe he made a difference in this life and that is to be continued....

God's blessings to his family and friends. I wish I could have known him too.

I'm a mom too and I feel your loss.

I just watched AGT this evening and thats when I learned of Dr. Roger's death. I cried and still am as though I knew him. I just thought of his life. He was young and had full of life ahead of him. His humble spirit can be sensed all over him. I cant imagine the pain and hurtache his family is going thru. Family, only God knows your pain. I pray for each one of you. I pray that God in His Grace and Comfort will stretch out His arms and hug you so tight that you will feel His comfort and Love. I pray that somehow, in this unspeakable pain and perhaps unconsolable moments of just wondering why God...He will then continue to Remind you that He will be with you thru this. May Brandon's Beautiful Soul Rest In Eternal Peace. THANK YOU for sharing your life with us, THANK YOU for touching our lives, THANK YOU for bringing joy and meaning to our lives. THANK YOU!

We just watched the AGT episode, listened to Brandon's lovely voice, then saw that he has left us. Our hearts go out to you with deep knowledge about what it means to lose a child and sibling. Our beautiful 27 year old daughter was killed in a pedestrian accident four years ago. We know, and we embrace you. Compassionate Friends has been a touchstone in learning how to live with grief from other parents who have lost a child. Perhaps this wonderful volunteer organization might bring you comfort and support as well. May his memory be for a blessing.

What a sad thing to loose such a talented young man way before his time. But this is a pause not a period. As Jesus foretold a resurrection soon to come in which all those in the memorial tombs will come out and live without fear of death again. We all wait for our loved ones to return to us. They are just away for awhile. In the meantime pray for that day to come. Prayers to all the family to cope and to go on.

I did not know this wonderful gifted young man. As I sit in my own grief of the lost of my husband, I watched him on AGT. Thank you for letting us all see his talent. My prayers are for you, those who grieve. God gave you a gift in this child and now his spirit sings with the Angels God's glory. His gift to the world of healing follows in Jesus' foot prints. Another taken too young. While there is nothing that can remove your longing for him, one day you will see him again and that is our consolation for this new season of our life. God speed and peace and love to you all

"Blessed are they who mourn; for they shall be comforted". Farther along we'll know all about it...Farther along we'll understand why. Cheer up my brother, live in the sunshine...We'll understand it all by and by...Only God could ever make sense of this. I buried my Mom on June 10th, 2017 after 7 months of taking care of her. So, her passing was not that much of a shock...I could not imagine a SUDDEN passing. I cannot know what you (the family) is dealing with....Only God could ever make sense of this...Allow that to be your comfort...

Dear Rogers family. I'd like to let you know that I've got to know Brandon through his AGT audition. My daughter and I watched the show last night and couldn't help but notice how special Brandon was. He seemed so humble and talented and to me it was just a reminder of the way he was brought up by his family.

Your loss is actually your testimony. While Brandon is signing with the angels, may you all feel his embrace through his memories of the time he spent here on earth.

May the good God continue filling your hearts with joy and many blessings

I too, as the many before me, met Dr. Rogers on AGT last night. I kept rewinding that segment of the show for a whole hour until it wouldn't go back any more. Then I took to my phone and watch the video more. I am determine to find a way to reach out to his family with our care package. I co-founded an organization in Charlotte, NC - Mothers of Murdered Offspring in 1993 after my god-daughter was murdered by a serial killer and since then, our organization has seen many young men go to their graves - many doing something wrong, but here is a young man - a doctor at the age of 29, doing great things like blessing the world with that beautiful voice - gone. I know God has a plan but it's hard to understand how his death is more beneficial to the world than him being here. Brandon passed away on my baby sister's birth, so I will remember him on that day always.

While waiting with anticipation to see the final contestant, because they always keep the BEST for last on AGT, I began to read the caption and my heart hurt for this young man and his family. God gave Brandon so much talent and listenening to him, I automatically knew he was very humble. Brandon had so much to give the world, and although it does not seem fair, I belueve God takes the best and Brandon was the best. I believe Brandon would have WON on AGT, because his voice sound almost angelic. To the family, although Brandon is no longer here, get comfort out of knowing he is in the presence of King Jesus and you will see him again One Sweet Day. Rest easy young man!!!!

I didnt know him personally either but i was so saddened to see that he had passed. The video of him that drew me to him was his bended knee video. I even posted about it and how good he was. He got to live his life to the fullest and has left an impression on me with his beautiful voice. I was rooting for him to make it with his talent. But then was slammed with the bad news. I am so thankful he shared apart of him through music. Im glad i got the chance to enjoy what you and your family have been blessed to have for many years. Thank you for sharing your son with the world. Prayers for you and your family.

Brandon has such a sweet spirit. My heart goes out to the family. You guys seem like you were a very close knit family. The support you guys gave him and the love he felt, he always showed toward his family in every comment he made. It's hard to imagine losing such a good loving child who shows much wisdom in his choices and comments he posted. We always do not know why God took his life at an early age. God is sovereign and he does not make mistakes. I pray your family's strength. It is obvious that he touched many lives and was loved by many who didn't even know him.

“ I just found about Dr. Brandon D. Rogers story and it is July 28,2022. I was so sad and touched by this young gifted man who came from a loving Christian background. I heard him sing and knew his voice was a God given talent along with his accomplishments as a Doctor and he was only 29 years old.

I looked at his Instagram and was so amazed at how much he loved his parents and siblings and loved to sing. I was also very sad. He was so handsome and always laughing with his family and having fun. I don't get God all the time and wonder why this beautiful young forever 29 year old had to leave. God bless Brandon family and prayers are going up for you to keep on laughing and having fun and loving because Brandon probably would had wanted that for you. I am so sorry for your loss. This happened in 2017 and I just found out about it now July 28, 2022 5 years later and it touched me in a special way. His spirit lives on. It's so sad. He was so handsome. With deepest sympathy I am so sorry for the loss of your son. I was on Facebook one night back in 2020 and came across Dr. Brandon Rogers singing on America's Got Talent. I very luckily discovered Brandon Rogers, whilst loving watching AGT videos on You Tube. I was astounded by Brandon's presence in his AGT audition and was blown away by his beautiful and humble persona. When Brandon began singing ribbons in the sky, my heart melted at his choice of song by Stevie Wonder and his beautiful soulful voice. Such a rich talent to have achieved his Doctor status and discovered his astoundingly beautiful voice. Reading about Brandon's passing in a car crash broke my heart. Such a beautiful soul and soulful voice. I was brought up on Stevie Wonder's fantastic albums eg. Songs in the Key of Life, The Secret Garden and Master Blaster etc and Brandon sounded so like Stevie, i thought. Thank you so much to Brandon's parents for creating such a beautiful person very luckily within my lifetime. You must be bursting with pride for raising such an iconic son. My heart bleeds for his family and friends seeing his life being cut so short at such an age when he was shining like a beautiful twinkling star. I cannot begin to imagine your hourly struggles and devastation without Brandon. I can only think that our Great Lord above called him home well before his time to preserve his beautiful talents in heaven for Our Lord, his Angels and family and friends who passed before him. Rest in beautiful peace Brandon in the arms of the Angels at God's side. Your son will be feeling so overwhelmed with ultimate peace and love in God's house. May God bless and comfort you all in your deep sorrow until you reconnect with Brandon again. ❤️❤️

It's amazing the huge impact a person can have on multitudes of people - touching lives in a special way, whether you know them personally or not. I live in South Africa and have just watched the AGT tribute - THANK YOU FAMILY For SHARING Brandon with the World. Watching the video's of Brandon's life - His remarkable infectious personality , living life to the Max - a respectful and kind human being is a reflection of the loving family surrounding him. The pain of missing him will sting for a long while - may you find comfort every time you Think of him - as he did in life so he will in passing - bring a smile to your face- everybody he interacted with - even just a look - there were and are smiles. 🌸

“ To the family of Brandon Rogers, Mother, Dad, Sister, Brother, Friend & Coworkers in the medical field. What a blessing for God who gives life, & also the one who taketh it away for His Glory! I myself heard as w as watched videos of a man of valor, strength, wisdom, & so much courage. He touched my heart spiritually, & thts the real person whom is now seated in Heaven with the Father. My condolences goes out to each of you, & prayer's tht ur recovery from ur lost will come soon. We a people will never understand God's Way's or His thoughts for allowing ur love one to be taken so soon. But sure as the Lord giveth no matter how long He lends us to our birth Mother, we must return to the Father tht made us in His own image. This has to pain ur very heart's, b'cause He definitely pains mine. Weeping may endure for a night, but joy comes in the morning light. Trust in wht God allows, He will maintain. Just count ur blessing's on all the thing's He allowed you to see come to past in ur son, brother, friend, & Doctor. Wht a good remembrance of an special person whom loved so many with passion. There is no easy way to say in words how this yng man effected so many lives here on Earth. So if he impacted it's as well as our lives, He's got to be impacting Angel's in Heaven, b'cause God called him home. Be encouraged & hold on to God's unchanging hand. He will never leave you, nor forsake you. Brandon ur work on Earth was finished. Rest from ur labor, enter into thjoy of the Lord... Amen...

“ Even months after his death I think of him often even though I didn't know him personally. He had such great gifts handsome, a doctor and a talented singer. I play his videos often and wonder why he had to go so soon. He had so much going for him and it was only the beginning of his life. Imagine the things he could have done in his singing career I know he would have been a big star. There was something about him that was so special and boy did he have the best smile ever. When God made him he was having the best day ever. His mother and father were truly blessed to have such an amazing son. I pray you find comfort and peace and may you know that he is singing in Heaven everyday making everyone smile. Thank you God for sharing him even if it was for a little while.

“ To the parents and family of Dr. Brandon Rogers,

When I saw your son on America's Got Talent, the moment he spoke was the moment the world knew how special he was. The moment I got a glimpse of God inside him. He seemed to be a wonderful young man, selfless, polite, kind, helping others through his medical career, all the way down to the words of the song he chose to sing for us. I keep replaying his entire audition. It was so obvious how much he loved you, calling you before and after his audition. Your son touched my heart in such a beautiful way I can not even explain it or put it into words. Can you imagine our world if everyone were like your son? It would be paradise!

Telling you I feel terrible for your loss are just words that may not mean anything to you during your tremendous loss. Hopefully one day, again, you can read all the beautiful things about the way your son touched our lives and let the words sink in and comfort you.

Your son beautifully sang the words "We can't lose with God on your side. We'll find strength in every tear we cry." He's singing it for you now, only his stage is in Heaven.

Sincerely,

Janet Harrison

“ Hey Brandon, We didn't know each other but know this, you were anointed. See there's one energy, one love and one light in this world. We all have it inside but some folks light shine a little bit brighter than others. Your light was bright brother and God needed you to illuminate that light onto others. Now you can join him in paradise, well done young man. Thanks for letting us borrow some of your light.

I pray your family seeks comfort the memory of that light in this time.

“ To the Rogers Family: My condolences on your loss. The Favor The Lord showed Brandon, for his 29 years, on earth was amazing. He received a family that loved him, and that he loved dearly. He always said, "Family First". Brandon wanted to heal the world, through medicine and music. He accomplished both. His ministry of music, will continue to live on, for generations, to come. May The Lord continue to keep you covered, and comforted.

Only saw him perform online on America's got talent and I'm hooked after work I go to the audition part on my phone ride all the way home listening to his beautiful voice. And I mean I play over and over and over again I cannot get enough of this young man's voice. He was on his way to see Stardom when he was shut off. I hope and wish his family could put all his music together and sell a CD it would be amazing and very much everybody including myself will buy it. He was handsome, very talented, Dr., good point is you being African-American is another plus I believe in God and when he has these beautiful human beings I know he calls them. “ *My Mother and I were deeply saddened by Brandon's untimely passing. We did not know him, but fell in love with him and his story along with the rest of the world. Our eyes just filled with tears upon watching his AGT audition video and other videos that were posted. You could see this Godly light shining through his beautiful face and smile. You could just feel how much passion he had not only for his family, but also for being a doctor and for touching the world with his amazing voice. Though he was just 29 years old and just beginning his career, Brandon already left a mark on this world during his short life. It is obvious through Brandon's past videos and posts that he was raised in a family of love of believers. He was so humble during his AGT audition and you could not help but be attracted to his light. We know he is going to soothe the heavens with his amazing voice. God must have needed an angel to take such a divine soul. May you rest in His peace dearest Dr. Rogers, as we will all miss your precious light. “ When I listened to Dr. Brandon Roger's audition I was so nourished by what a kind, sincere person he is and how beautiful how much he loves both helping and serving the well being of people being a Doctor and also the deep passion, relief from stress, courage, joy, and faith in God pouring his heart into sharing music:) We all are graced by a smart, kind, dedicated person like this working hard to become a Doctor and pouring his heart into giving his best into the community. When I heard Brandon Rogers put so much beautiful nuances of heart and emotion into his singing I just had to go and find videos of every song he had posted on line to enjoy his beauty of heart into music:) If his family makes a cd compilation of his songs I would love to buy a copy and the proceeds could maybe go to scholarships for young people who have it in their heart to be loving Doctors and Musicians to honor this wonderful, dedicated young Doctor and Musician. I feel deep sadness in my heart for the tragedy of his death sending prayers every day to his wonderful parents and family and friends over the irreplaceable loss of this wonderful young man. John F. Kennedy challenged American youth to practice the spirit of service in the motto "Ask not what your country can do for you but what you can do for your country?" Dr. Brandon Rogers inspires all of us that he worked hard to fulfill this motto becoming a good doctor helping families when they have a loved one hurt or sick. He reminds people that the arts are also important for health and well being, that you can sing in church and sing your heart out posting youtube videos and other people who are gifted recognize a gifted voice that touches people deeply a with beauty of heart and the world needs this beauty of heart! “ *Once in a blue moon someone just plain oh "lovely" graces this earth! Brandon Rogers aka the singing doctor is that person. He was pure. His untimely death is reviting! If he had not passed it is certain he would have been a fan favorite on Americas Got Talent. In his audtion all 4 judges gave him a standing ovation. America loves talent and above that, a good inspirational hero. Brandon Rogers was inspirational. His passing is heartbreaking. A glimmer of light in this tragedy .. the last 6 months months of his short life was one dream after another coming true. It is documented that Brandon was wowed by this. That's what makes him so memorable in my book.*

Namaste Brandon, God blessed you!

PS. To Brandon's parents. I can not even begin to imagine your grief right now. It is clear that you were Brandon's hero and inspiration. May God hold you in the palms of his hands and soothe you through the worst tragedy no parent should never have to endure.

All Is Well

Death is nothing at all. I have only slipped away into the next room. I am I, & you are you. Whatever we were to each other, that we still are. Call me by my old familiar name, speak to me in the easy way which you always used. Put no difference in your tone, wear no forced air of solemnity or sorrow. Laugh as we always laughed at the little jokes we enjoyed together. Pray, smile, think of me, pray for me. Let my name be ever the household word that it always was, let it be spoken without effect, without the trace of a shadow on it. Life means all that it ever meant. It is the same as it ever was; there is unbroken continuity. Why should I be out of mind because I am out of sight? I am waiting for you, for an interval, somewhere very near, just around the corner.
All Is Well.

God Bless.

“ I did not know your son Brandon until I watched " Americas Got Talent ". When the special text came up before he performed I just felt sick. Then he began to sing and tell about himself. What an impact he made with me in the few minutes that I had the privilege to see him on " Americas Got Talent ".

What a accomplished young man you raised. What a priceless human being he must have been to dedicate his life helping others. I have a son my only child he just finished his first year in medical school. My son could have been your son in 2012. He and his 3 friends were hit by a drunk driver that the police were chasing my sons name is Brayden.

Very similar names. Looking at your son and seeing his beautiful smile has truly touched my heart. I just lost my mom in 2015 December 26th. I can feel your pain. “ I am so saddened to learn of Dr. Brandon Rogers accidental death. I watched him on America's Got Talent today. His story, his singing, his personality made him an instant hero in my book. I worked in a Family Medicine Residency in Indiana for 25 years. I can imagine how excited he must have been to be actually practicing medicine at the Riverside Residency. His parents should be congratulated on raising such a wonderful young man. I will pray for Brandon and his family. I hope the knowledge that Brandon was a uniquely wonderful doctor will help his family through this devastating time.

“ I just saw the televised performance of this young man, your son, on "America's Got Talent". Thank you for allowing us to hear his beautiful voice. "Ribbon in the Sky" is one of my favorite songs and also a favorite of my son who sang it to his bride at their wedding. Dr. Brandon Rogers shared one of his many talents tonight. He was blessed with a beautiful voice, good looks and a brilliant mind in becoming a doctor among other things. We were truly blessed to have the opportunity to see and hear him. God bless you in your pain. I have three sons whom I love dearly and I cannot imagine how you feel right now. I have been told that in time, the pain "eases" somewhat. To the family and friends of Dr. Brandon Rogers, you already know that he touched so many lives of those that knew him and those that never met him in person. When I first saw Dr. Rogers on the internet, I thought, wow, what an amazing and brilliant young man! But , you already know that too. I just had to say that. Now, I must share that my heart felt so heavy when I read the the sad news of his passing, but, let me share the great news. My heart felt so so heavy that I just had to pray for peace. The Lord answered my prayer in that He allowed me to see Dr. Rogers in what seemed like a mixture of a dream and a vision. I saw Dr. Brandon Rogers walking around in a heavenly place and singing in his beyond magnificent voice. He was singing as he seemed to be taking a tour of what seemed to be heaven and he looked so amazed at what was before his eyes that he began to sang the words "I can't believe this" (As though he was happy and amazed with excitement at what was before his eyes). He couldn't believe the beautiful place he was in. So to the family and friends of Dr. Brandon Rogers, take pride in knowing that he is absolutely without a doubt in a much better and much more beautiful place. He is in "Heaven" . As I woke up, I felt such peace in my heart and tears of joy rushed down my face.😊

My heart hurts to this day. Listen to the doctors audition. What a beautiful person he was on this earth as well as in Heaven. May God continue to bless him and the family. RIP.

This one really hurt me to my soul. The first time I heard our Dr. Brandon Rogers sing, I was just knocked out by his style, grace, demeanor and his warmth. Then I heard the story of "why" he became a doctor and was instantly connected. When I heard him sing, I started filling out adoption papers, even though I knew he already had a lovely mother, because I fell madly in love when I heard him speak to her and she to him. I COULDN'T WAIT to hear him sing again and stayed awake to hear when he would be on next. All of the sudden, a date appeared that he had passed away shortly after his performance. I literally had an out-of-body experience. No exaggeration. This young man was absolutely something extremely exceptional, even other worldly. I only knew him for less than 15 minutes and he had a PROFOUND affect on me that I can't comprehend even to this day. He was only 29 years old and was killed in a CAR ACCIDENT. The tragedy of that event is beyond comprehension and I have no idea how his family got through it. They must be equally amazing as well. Every year in June I listen to him sing and STILL feel the connection and the horrific loss for his family and the entire world. He would've been a Superstar and sadly, only his family, friends, me, and the studio audience ever got to see him with his name in lights. I feel so grateful to have been a part of his extraordinary life for even that short time and I'll NEVER, EVER forget him...

“ It has been hard to believe that such a joyful soul is no longer on this earth. I never met Dr. Rogers in person but his soulful voice provided comfort in my time of need. He has touched so many lives by simply displaying his gift from God. He touched and saved lives in his short 29 years of life. To the family, words cannot express how your son, brother, and friend touched so many across the country. I pray that God will give youth strength and courage. I pray that God will hold your hand as you (family), endure this time of grief. May God bless you

Humbly Submitted

“ *Today your heart is heavy with sorrow and grief, but as days turn to months may you find sweet relief in knowing that Brandon is not far away; yet he is in a better place. Hold on to every memory because they along with the Lord WILL get to the next second, minutes, hours, days, weeks, months and years ahead. But God is and will be your inner strength during these difficult times. In Isaiah 60:20 it states that your sun shall no more go down; neither shall thy moon withdraw itself: for the LORD shall be thine everlasting light, and the days of thy mourning shall be ended. Continue to look to the Lord for He is where you all will draw your strength, for my God will supply all your needs. Praying for your family.*

“ *I want to extend my sincere condolences to the family. May God grant you peace and strength during this time. Keep Mr. Rogers alive always in your hearts and remember all the beautiful memories given to you by him. In the very near future, the following scripture will be a reality. Revelations 21:4 says, “And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.” May God's words bring comfort to you and the family at this time of sorrow.*

“ My heart is broken for you Brandon were an amazing soul. You touched so many lives including mine. I am forever grateful for your inspiration and it has helped me through so much of the stress and anxiety of Graduate school. I know that you are with the Lord for your soul was beautiful and you served the Lord graciously in your 29 years of life. May you be at peace my dear!
