“ Elliott and I were part of the beginnings of the Navy’s New rating for a Chaplain’s assistant in 1979, a Religious Program Specialist. The early growth was successful because of those who took on the new rating. Elliott was a significant asset. He was my go-to guy for Jewish knowledge, especially when Rabbi Frankel was not around. A true leader for all of us then, and since his retirement. A Chief’s Chief. Rest in Peace, my friend and brother. We have the watch.

“ I’ll always cherish the moments we spent together talking about the formation of the RP rating, and your experience as a Chief. It was an honor being your brother shipmate. I carry your charge with pride-I have the watch!

NAVY CHIEF! NAVY PRIDE!
