“ I would like to thank everybody for the kindness that was shown towards my daughter and the rest of the Elvin's family during this difficult time. I'm so thankful that my daughter and I had the opportunity to know and hear him witness and testify, Elvin loved the Lord. we would have Bible study sometimes for hours & sing hymns. Sometimes I would call him and he was in his room reading the Bible, he stayed in all day and read.. he was an Avid Reader & diligent Seeker of the word of God. He loved explaining things after he read a scripture. He would read a scripture many times and was amazed that that this time he got something totally different out of it. He knew that God had a call on his life, he would say that all the time. I don't know how many people got to see that side of him but I'm thankful that we did, he knew to call on the name of Jesus. He was a praying man he would call me and ask me to pray for him and I would tell him you have to pray for yourself as well and we would pray together., he's no longer suffering he's no longer in pain he's present with the Lord. Elvin use to say "I'm just a nobody trying to tell everybody about somebody who can save anybody"

“ Dear Charmise and the Battle family: I wish to express my sincere sympathy to you on the loss of your loved one. I know that your Mother, Mary Battle, loved Elvin and all of you with an abundant heart. I tried to call; however, I am happy for this opportunity to let you know that you are in my thoughts and prayers. I also pray that God will always surround you.

“ Seeing all these pictures of Elvin takes me way back. So many people never saw the side of him that these pictures captured. He loved his baby girl. He would dress up and go to the dances with her and try to dance.. we will truly miss him..we miss him already. He never ended a call without saying I love you. We knew he loved us. Our friendship weathered the storm for over 31 years. Me and my family sends love and prayers to all his family and friends.

“ I'm going to miss you Elvin, you are more than just the father of my daughter you are my friend for over 30 years. We talked almost everyday. There were times we lost contact but once we got in touch with each other again, we talked for hours. I remember how we used to have Bible study and I used to sang those old hymns that you like, you used to sang with me although you couldn't carry a tune. You used to always say you got it! You treated my children like they were all your's, they loved you. My grandsons love you like a papa.. whenever you saw the babies you would squeeze their cheeks and box with them. You were quite the Entertainer you told those stories about things that happened when you were growing up in your neighborhood, you used to laugh before you can finish telling them. Noone laughed like you no one dance like you no one walked like you.. we knew you from a distance by your walk. We all endured the sound of you clearing your throat, like it was your trademark..One thing I knew was that you appreciated was my cooking because you always told me, "you can sell this". My family love you like you were a part of our natural family. Your memory will always live on in my heart ❤️
