“ So sorry to hear the passing of Spock, we all grew up right in Brighton. When i was younger Spock be over our house everyday with my brother Toussaint. I remember always fussing at both of them because i could never play with my nintendo game. Spock never miss a meal at our house. Even though he had food at home. Our home was his home. His grandma made the best cake. He knew i love her cake, so he used that to his advantage for i would not tell on him in Toussaint, cause they were so mischevious. Spock was very protective over me as if like my own blood brothers. Much more to tell but i will just say those was the days. Full of joy back then. We all stuck together the Brighton Community. My deepest sympathy to all his siblings, children, all his family and friends. I am praying God's peace will substain you and give you strength. Spock will never be forgotten. Much Love to you All, Angel Brown-Griffin

“ I am so so incredibly sorry for your loss, I met Eric when I came to work at Jody's and every time we crossed paths at work over the years he always made sure to put a smile on my face and made me feel welcome. He was one of the kindest, most wonderful people I have ever met and I am honored to have called him an amazing friend.
