“ I am so very sorry Lisa, Brittany and family in your loss. Freddie was a great guy and I loved working with him all those years. What memories. I know he wasn't the same sweet gentle person he use to be; but not he is up in heaven smiling down on you all. May your many memories of Freddie help in the days ahead. This picture of him for his obituary is the one I will always remember. I also remember when we had Christmas lunches or any type of gathering he use to ask me who made what before he fixed a plate.

“ Lisa & Brittany,

I know that there aren't any words I can write to express to you during this difficult time that will make anything any better. But I also know this, Freddie (FEW III) was one of the best people that our father- in- heaven every put on this planet. He was admired and looked up to by everyone that was blessed to have known him.

Butch and I were frequent travel companions, co-workers, friends and most importantly brothers. I learned from him and I loved him. We shared more good times and laughs since we met in our early twenties than I could ever count.

It is one of the greatest honors of my life to have served beside him for 30 plus years. He was proud of his work as a Deputy Sheriff with the Chesapeake Sheriff's Office and they are is lucky to have had him as a representative, leader and instructor for so many years. Freddie touched thousands of lives with his warm smile and gentle nature and occasionally when necessary with his more than capable hands. He was helpful and fair to ALL and was a great example for other Law Enforcement Officer's to emulate.

The only thing he loved more than his chosen profession was his family. Thank you both for sharing him with the rest of us.

With my warmest Regards ,

Greg Everton
