“ *Oh my, the trouble we got into haha because of you
So many times, it's a wonder that your mom even had a spoon left
robot us with
But we did keep her in great shape
Will be missing you
Until we see each other again*

“ *Harry was a great friend growing up on Chalfin Avenue in Norfolk. I spent many days over the years exploring Norview with him, and always appreciated his perceptiveness about things. My condolences to Eunice, Arona, and his entire family.*

“ Rest in peace dear brother. I will always remember our special relationship. We grew up sneaking to the “forbidden “ creek, getting caught and spanked with the “wooden” spoon. We were comrades during our teen years covering for each other if we missed curfew. Our children were close in ages and grew up celebrating special family times together. Then came sailing. You and Connie so generously shared wonderful times sailing the Bay. Harborfest!!! The best party was always on your boat. My most memorable time was when you and I sailed “Sabbatical “ from Miami to Key West. The anchorages were your favorites spots so we could dinghy to shore to your favorite bar. Thank you Harry for so many memories. You will forever sail on in my mind and heart.

Love

“ So many wonderful memories that we shared with Harry and Connie and Harrys family. I could never name them all. Now Harry has gone to be with his buddies Lew and Dennis. I am thinking of you all.
