“ *Jackie and I were active with NSU Alumni in Richmond when I first met her. She was great to work with and always was professional and dedicated to making our chapter an asset to the community and NSU. We both served as chapter presidents and we worked together in a positive way and always would support each other. We all became really good friends and were involved in each others' families. She will be missed and my family and I send our sincere love to the family at this difficult time. We will keep you in our prayers.*
