“ It was such an honor to care for James Everson , He was such a funny man, He would tell me stories about his younger days. There was not a day that I would not laugh about something. We would talk for hours about projects he needed to finish, jewelry he made , an his family an special friends. One thing that I will never forget him saying is when you asked him how he was doing he would say “ never had a bad day in my life ! “ I just love that saying! He will be forever missed ! Hugs to you Mr. Everson. I will think of you often! 💕🙏
