“ *To Sister Harris and family,
I am very sadden by the lost of your father. I know how much you and your family loved your dad. We shared some good times with dad. He was like a walking history book and he was so funny and so full of life. I will miss seeing him all dressed up in his matching caps and outfits. You could not tell that Mr. James was 94 years old and still during sit ups, push ups and boxing. Wow what a mighty God we serve. He could run circles around me. I will truly miss him saying she ain't my cousin. I know that the Joy of the Lord is your strength during this time. Praying for you and your family. Love you
