“ Oh my goodness, what an Angel, Ms. Joann S. Linkous! I met her twenty years ago after returning from NYC to my Virginia home. She drove by one evening and complimented my house and even myself. From then on when we met we would chat at her car in front of my walkway. She only spoke of good about people and society. Then later she would be in the company of her daughter always stopping by going or coming waving her hand.. I will truly miss her and never will I forget her kind sweet caring and sharing personality. My condolences to the family.
