“ I moved to Sacramento CA in 1986. In the course of looking for employment I came upon a company that I thought could provide employment in relation to the skills I had obtained in the military. After completing the application I was scheduled for a face to face . The person who conducted the interview was a middle aged African American man. Okay I thought, this was feeling better since the person interviewing me could relate to my culture. Little did I know what would happen next. Right away, the gentleman said, my sister is married to a Crenshaw. I stated my brother is named Robert Crenshaw. What is the chance I would be interviewed by my brother-in-law. The rest is history. I stayed there 5 years until the company was bought out. Thanks to that chance meeting I was able to gain valuable experience and get to know John as a person. Everyone there had a good word to say about him and he knew his job. May God be with his family and give them strength to endure.

“ The Faulcon Family has been our neighbor for over 50 years. We are so sorry to hear of the passing of John Lewis. He will definitely be missed in our community. It was a pleasure to interact with him because he was kind, compassionate, and always offering words of encouragement to anyone he met. We will miss his beautiful smile. The Douglas Park community has lost another jewel. Our prayers go out to the family.
