“ Lakee-I didn't know you but I was on the beach that fateful day and have felt connected to you ever since. I have kept your obituary at my desk every day since it was published. I have prayed for you and your family countless times since your passing but today I felt a powerful calling to reach out and say that I haven't forgotten you or your family. I am seeing your sweet face for the very first time and rejoice that you are playing in Heaven and watching over your family. Much love and many prayers-
