“ My love for Larry Michael and Ruby has no boundaries. Ruby, thank you for bringing happiness and family to my cousin Michael. You changed his life. I distinctly remember when he literally searched me out on a "college fun day" and told me he had found "the One". After graduation and all into these ensuing years....from "the One"....Ruby, you became "the Real Deal" when he spoke of you. After the year of COVID 19 date....we talked. I asked him how is everything. THE 1ST THING OUT HIS MOUTH was Ruby still loves me. I loved my cousin with all my heart. A relationship is a hard ship to sail on this Sea of Life. Endless thanks to you, Ruby, for holding and keeping Michael afloat and waaaayyyy above with your care and beautiful children. He and Jeff always dreamed of having a big family. You made his dreams come true! He was a happy man and by his example we all could see the positive possibilities in a good family life. Michael was extremely witty with a dash of dark humor....he is our Angel now for real; watching over us. And probably putting a word in for all of us with the Big Guy Upstairs! SINCERELY? Your 1st Cousin Stephano Michael Britton Pogue.

“ *To Ruby and the Family;*

We're not so sure what to say in the face of such a sudden loss. We just wanted you to know that we care about you and we share in your sadness. Just the other day I was at Walmart and like always looking for Mike Butcher. Our conversations were often about family, friends and the current events of the day. We would talk and laugh and then, laugh and talk some more. We're not sure what to say but, we will surely miss seeing Mike every time we walk pass the optical department. We're also sure that wherever a beautiful, kind and gentle soul has been there will always be a trail of beautiful, kind and gentle memories left behind. May God continue to guide you and give you the peace that surpasses all understanding during this time of bereavement.

*Love,
Victor & Felicia*
