“ Not a day go by or a hour minute or second that I find myself drifting away thinking of u . U may not been perfect but u were perfect for me. It's been 7 months to long without seeing ur face Marquis I am so sorry that this had to happen to u . Shit haven't been right since I don't KNO what I feel at times & I question God as to why it hurt so much why this pain just don't go away why did he have to take the first man I truly & deeply loved. We been through it all and everything u took me through I never gave up on u I never turned my back I stayed 100% I sit and think of how u told me no matter what u wasn't going anywhere because I would always be ur friend whether we were together or not & u broke that promise 9:21:2015 was the worst day of our lives 5 days before Teonna's 15th bday smh what a birthdays love u with everything in me & if I had to give it all up just to have u back here physically to unbreak ur Babies heart to but that life back into ur mom to give me some sanity back because um losing it we miss u so much Marquis soooooo much um tired of crying um tired of dealing with these ppl and their everyday bullshit I just wish it was all a dream come back please I love u fatboy
