“ I miss my neighbor and friend Marvin. He welcomed me to the Anchor Point community with open arms. He shared with me his pride in working with the Core of Engineers. He also shared his love for his family and love for his fraternity family. It was always a joy watching him ride in one of his 'showcase' cars. My condolences to his family.

“ *Marvin Whitehurst, Whiteyball to all who knew him, was more than a friend. He was a Big Brother, adviser, father and talented leader. He chose to demonstrate his leadership in tangible ways by supporting the people and causes that were important to him. He was deeply loyal to the fraternity he loved (Omega Psi Phi), to his alma mater - Norfolk State - and to the friends from his old neighborhood who remained close to him until the very end. His passing takes something away from this world but he leaves behind much more than he took with him. Love you Brother*
