“ My god, my god heaven has truly gained an awesome one!!! There is so, so, so much I could say about Michelle but it would probably take forever to express it all. I'm just going to say that when I think of the word friend I think of Michelle, at one point in life she was my best friend. We were inseparable as friends as we began to enjoy life and the things that it offered, but at some point that same life and life's circumstances came between our friendship. We both took different roads in life some good and some bad for the both of us but I wouldn't trade the friendship we had for anything in the world. I have so many memories of our crazy days that I could share but I'll just say " I REMEMBER WHEN—". Rest on in heaven my dear friend!!! P.S. wish we could push that car one more time 😊
