“ *The best Manny in the world, with his baby care tool belt. My kids were lucky to have had you as their On/Ron. I'll never forget shooting you with the blow dart gun in Hemet, making you ride on my dirt bike with me at Negro Butte, racking your ribs in the scissor lift in Palm Springs. You walking smack into my clean sliding glass door. It saddens me I didnt get to spend more time with you after 06' but I always love ya.*
