“ I just found out about Coach's passing. My condolences to his family and friends. I knew him from Nix restaurant, he was a regular, he was so regular that when I didn't see him I would ask about him making sure everything was ok. Due to a change in my schedule I hadn't been able to go to Nix since October. I recently went only to find out that our dear friend has gone on to glory. Go rest you soul and comfort your family and friends.
Godspeed Coach we love you and miss you.

“ I love Coach. He never forgot anyone! I saw him a lot at Jones Restaurant. I would go shake his hand and take a moment with him. We always talked about my time playing basketball and softball for Churchland. Coach remembered a lot of those days. He always was willing to help you. We even talked about his coaching days with Churchland. He was a great mentor and friend. Coach loved teaching. Time's to cherish! What a beautiful soul! Rest In Peace Coach. May his family continue to share memories of our Coach Wilson from Trucker Nation! May God continue to hold his family tight today and days to come.

“ Coach and I were buddies. We taught together at Norcom and Cradock Middle School. I met him at Nix's for breakfast many times after he retired. Shelton was a very sweet man and concerned for his student's, friends and family's welfare. I was sick and could not attend his funeral but I will miss him greatly.

“ I had Coach Wilson for 10th grade PE at Norcom. He was more concerned about making sure students followed the rules and did the right thing than anything else. He encouraged me to successfully do a pull up for the very first time ever! He never raised his voice or lost his cool with us. I got to see Coach Wilson again after I graduated from college and subbed at Cradock Middle. The students were happy and enjoyed his class.

“ May those family members that survive Shelton continue to look to God for comfort during this time of grief. Hold on to each precious memory that you have of Him. As has been said so many times Shelton loved and cared for children. I remember Him all the way back to Jr High School. We called Cocky Joe. He is now resting in that mansion that God prepared for Him many years ago. Leigh M. Burton, Sr.

“ *Shelton was truly a gentle giant who has blessed so many children in Portsmouth Public Schools. He was always willing to help anyone in need and a great friend. Shelton loved to dance, have fun, and enjoyed life. He took great care of his carefully manicured lawn that looked like his own private park. His beautiful smile and hearty laugh will be missed. Enjoy your well deserved rest! Theresa Saunders-Smith*

“ *Coach Wilson help me to get a football scholarship at Norfolk State University in 1983. He carried me over to talk to the Head Coach at the time, who was fired the next year. But he tried and nobody else did. I enjoyed his gym class, he got in the corner and set the nets on fire shooting the basketball. He was cool to me and he pushed the right way to make me better.*

*Rest in peace

“ I have so many fond memories of Coach. From him making a deal with us during gym class-if we dressed out in uniform and halfway participate-we could use the last half of class for our “group rehearsal” to become a personal friend of the family...RIP Coach you will be missed!!❤️❤️
