CG

“ My name is Chris Georgiades. Kip was a good friend, very intelligent. I worked for George's Seafood and Kip also worked there as a box maker. He was also a coastguard weatherman. He was a member of The Tidewater striders as he enjoyed running and a great endurance man, hence the nickname RG (running guy). He was a cyclist as he rode his bicycle every day as his main mode of transportation. I am very sad to hear about my friend Kip. I know so much about Kip. We were camping buddies as we were members of The Appalachian Trail Club as he loved the outdoors and he is greatly missed and was a mentor. For further information, please feel free to email me at [chrisgeorgiages@yahoo.com](mailto:chrisgeorgiages@yahoo.com). Thank you for taking the time to read my tribute, he will not be forgotten.
