It all begun with his beloved grandparents who moved across the street from my parents store on Elm Avenue. It was an instant connection. My mom loved his mom and entire family. Mrs. Smith cooked meals and brought over for mom to take home and Mr. Smith sat with mom during day and was a delight. He became my nieces Godfather. I'll let you all know about how that came about. What breaks my heart is that we can't attend his services because it's the same day & time as our cousin. Please know our prayers as with you all and we love you dearly. Wanda, I will call you soon.

*With Christ love,
