“ Dear Mrs. Abbott,
I'd like to extend my sincere condolences to you and your family. It is with deep sadness that I write this note. Learning of Bill's passing has devastated me. He has always had a special place in my heart, and he always will.

We met at Roger Williams College and shared a great many good times over several years. I thought he was super special then and still do. I had always hoped to see him again and can't believe we've been actually living in the same state. I pray that the good Lord brings peace to you and yours.

Sincerely,
