MA

“*Lou was my sister's husband. She and I are very close. I have many fond memories at their home. My daughter has been close to his two daughters her whole life. They are like sisters! We visited them often over the years, and spent many beach vacations with them and the rest of our large family.*

*Lou was a retired ship Captain in the Merchant Marines, and piloted ships all over the world. My sister kept the home fires burning...*

*Lou has two beautiful daughters...and four beautiful granddaughters that he loved dearly. It was so much fun hanging out with all of them.*

*I pray he is at peace and is with God. He will be missed.*
